## TRUTH ABOUT VACCINES

CDC ADMITS BEFORE CONGRESS

<http://www.youtube.com/watch?v=Dh-nkD5LSIg&feature=related>

I share the information about vaccines because I am personally convinced that most of ALL of the childhood cancers, leukemia, skin problems, allergies, gut problems, and “new” diseases are because of the chemicals and unknowns added to the vaccines.

Just like the dental association denied that mercury in the mouth was dangerous, so are doctors and drug companies denying that mercury in vaccines are not dangerous. It is crazy that people believe that mercury suddenly becomes non toxic because “they say so”.

#### Vaccine Ingredients

<http://www.youtube.com/watch?v=fjttNQqNbl&feature=related>

You are intelligent and can KNOW the truth without a medical degree. If your son or daughter were perfectly healthy the day before they received a vaccine, and then they were very sick soon after the vaccine, you know it was the vaccines. Duh! But we become confused when we ask those who are supposed to tell us the truth and they LIE to us and say the usual quote, “there is no scientific evidence” that the vaccine causes death and severe illness. But all of your mental senses know the truth, but you can’t get any help. Then if you are aggressive to find out why your child died, you may become one of the 3 to 4 thousand parents who are in jail right now for the charge of “shaking baby syndrome”. The mercury attacks the nerves and suddenly we have thousands of parents shaking their babies to death? I don’t think so, my mind says it is the mercury, but the doctors are combating the parents with false charges. Yes it is true. You can learn about that too on this page.

So what do you do about it? What if you just want to be safe until you learn more. How do you get your child in school or day care? The State, by law has to provide you with an exemption form, BUT they DO NOT make you aware of that truth. They do not say you have an option if you were like me who did not want to sign the vaccine release statement acknowledging that my child may die and I will not hold the drug companies responsible. Yes, many survive the vaccine, but for those who did not, it was not worth it. Not only that, there is NO evidence that vaccines help. There is evidence of many nations who do not have vaccinations requirements have children who fare far better than our children.

The following LINK will lead you to a form that you can fill out for TEXAS for your children. Always click 5 copies as you have to release the original to the school. You get the form and for each place that requires vaccine information for your child you get that copy notarized. Only notarize as you need them for the effective date begins on that date. These forms are valid last but 1-2 years. These vaccine exemption forms are good for college as well.

If your doctor, the hospital, nurse, school nurse, principal, CPS or anyone in the medical field tell you the lie that you HAVE to get vaccines and threaten you with

calling CPS for medical neglect, PLEASE, file a complaint with the district attorney. This web site gives you the up-to-date laws concerning your right to refuse vaccines. It also shows you how and what to do if harassed. It is a misdemeanor to harass you about vaccines using CPS or other threats. To be charged twice for this kind of harassment can lead to jail time. Do not let them get away with it one time. Keep a copy of the information for them to read and give them an opportunity to repent, but if they do not please file a complaint. This has to stop. Vaccines are very unsafe and the ignorance level of parents is allowing the medical community to bully the the parents with harassing threats.
